Draft Technical Memorandum No. 5 for the Phase I RFI/RI Work Plan for Operable Unit-4

Autar Rampertaap, Chief, Rocky Flats Branch, EM-453, DOE-HQ

Please find the enclosed draft copy of Technical Memorandum No. 5 to Final Phase I RFI/RI Work Plan, Description of Models for the Human Health Risk Assessment for the Operable Unit-4, Solar Evaporation Ponds project. This TM No. 5 supports the Baseline Risk Assessment (BRA) for the RFI/RI Report. The document provides background information for OU-4 as well as a description of the models selected to perform the exposure assessment modeling for OU-4.

Due to the extremely tight time constraints imposed by the schedule slippage for completion of the OU-4 RFI/RI Phase I Report, please expedite your review of TM No. 5 and forward comments to Scott R. Surovchak of my staff by April 15, 1993.

Frazer R. Lockhart
SPRP Manager
Environmental Restoration Division
